Hello,

I am honored to have been nominated by the Leukemia & Lymphoma Society as a candidate for woman of the year. No child, or adult, should have to go through what all those diagnosed with cancer go through. The money we raise will go to the researchers who are making amazing breakthroughs with new treatments. I first became involved with Team in Training/ The Leukemia & Lymphoma Society ten years ago and I am so happy to continue raising money for this amazing cause. Please help me by donating and also sharing my page with everyone you know. So many have been personally affected by blood cancers and I know people will love to donate if given the opportunity.

My thanks to Laurita Winery for donating a portion of the revenue from it’s first 2015 food truck event on May 16 & 17.

Please join me in supporting The Leukemia & Lymphoma Society (LLS) by making a donation to my fundraising campaign for Woman of the Year. I am part of team working to raise as much as possible in a 10-week period. Every dollar I raise counts as one vote and the candidate who gets the most votes/raises the most money is named the Man or Woman of the Year.

But as you know, everyone wins when cancer loses, and thanks to your support, my efforts will help fund the therapies and treatments that save lives, not someday but today.

Many LLS supported therapies not only help blood cancer patients, but are also now used to treat patients with rare forms of stomach and skin cancers and are in clinical trials for patients with lung, brain, breast, pancreatic and prostate cancers. And LLS funded drugs like targeted therapies and immunotherapies are now saving thousands of lives every day.

We really are getting close to our goal of a world without blood cancers! Thank you all!!

Cathy
